**U.S. DEPARTMENT OF AGRICULTURE  
Forest Service  
TEMPORARY COST-SHARE AGREEMENT  
ROAD SPECIAL USE PERMIT  
Act of October 21, 1976  
(PL 94-579); 36 CFR 251.50, et seq**

State of Idaho, Department of Lands, (hereafter called the holder) is hereby authorized to use National Forest lands for the construction, reconstruction, maintenance, and use of a road within the \_\_\_\_\_ (Name NF) National Forest for the protection, administration, management, and utilization of lands and the resources thereof now or hereafter owned or controlled by the holder. The lands covered by this permit are located in the County of \_\_\_\_\_ (Name), State of \_\_\_\_\_ (Name) and are described as follows:

**<Include a short legal description here; for long legal description use: "See Exhibit A, attached hereto.">**

This permit covers a right-of-way \_\_\_\_ miles in length, \_\_\_\_ feet in width, containing approximately \_\_\_\_ acres, and is located upon the ground according to the survey line, figures, measurements, widths, and other references shown on the plat attached hereto and made a part hereof.

This permit is made subject to the following terms, provisions, and conditions:

1. This permit is subject to all valid rights existing on this date.
2. The holder, in exercising the privileges granted by this permit, shall comply with all applicable State and Federal laws, Executive Orders, and Federal rules and regulations.
3. The holder shall cut only such timber as necessary in clearing for road construction, reconstruction, and maintenance. Timber so cut shall, unless otherwise agreed to, be cut into logs of lengths specified by the Forest Service and decked along the road for disposal by the Forest Service.
4. The holder shall do everything reasonably within its power to prevent forest fires and shall not dispose of material by burning in open fires during the closed season established by law or regulation without a written permit from the Forest Service.
5. The holder shall repair fully all damage to National Forest roads and trails caused by the Permittee in exercise of the privileges granted by this permit.
6. No member of or delegate to Congress or resident commissioner shall be admitted to any share or part of this agreement or to any benefit that may arise herefrom unless it is made with a corporation for its general benefit.
7. In consideration for this use, the holder has granted reciprocal rights-of-way to the United States.
8. Construction of the road shall be in accordance with the specifications set forth in exhibit \_\_\_\_, attached hereto.
9. The holder shall provide maintenance so that the road will be in a condition equal to that normally prevailing on roads of like standard, and unless otherwise agreed to, shall construct leadoff drainage and water barriers to prevent erosion on the road as directed by the Forest Service.
10. Use of roads constructed under authority of this permit shall be subject to control by the holder, except that the roads shall at all times be open to use by Forest Service employees on official business.

11. The holder shall maintain the right-of-way clearing by means of chemicals only after the Regional Forester has given specific written approval. Application for such approval must be in writing and must specify the time, method, chemicals and the exact portion of the right-of-way to be chemically treated.

12. In the event the road constructed on the right-of-way herein is included in a subsequent cooperative agreement for joint construction, the Government shall treat the holder's construction costs as incurred under the agreement. In this event, the Government shall replace this permit with an easement as provided by regulations of the Secretary of Agriculture (36 CFR 212.9c).

13. This permit may be terminated or suspended upon breach of any of the conditions herein or at the discretion of the Regional Forester or the Chief, Forest Service.

14. Unless sooner terminated in accordance with the provisions of the permit, or revoked by the Regional Forester, this permit shall expire and become void on \_\_\_\_ (Date) .

\_\_\_\_ << Additional TERMS will be located here in the finished product. >>

In Witness Whereof, the parties hereto have caused this permit to be duly executed on this \_\_\_\_ day of \_\_\_\_ (Month/Year).

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0082.

This information is needed by the Forest Service to evaluate requests to use National Forest System lands and manage those lands to protect natural resources, administer the use, and ensure public health and safety. This information is required to obtain or retain a benefit. The authority for that requirement is provided by the Organic Act of 1897 and the Federal Land Policy and Management Act of 1976, which authorize the Secretary of Agriculture to promulgate rules and regulations for authorizing and managing National Forest System lands. These statutes, along with the Term Permit Act, National Forest Ski Area Permit Act, Granger-Thye Act, Mineral Leasing Act, Alaska Term Permit Act, Act of September 3, 1954, Wilderness Act, National Forest Roads and Trails Act, Act of November 16, 1973, Archeological Resources Protection Act, and Alaska National Interest Lands Conservation Act, authorize the Secretary of Agriculture to issue authorizations for the use and occupancy of National Forest System lands. The Secretary of Agriculture's regulations at 36 CFR Part 251, Subpart B, establish procedures for issuing those authorizations.

The Privacy Act of 1974 (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552) govern the confidentiality to be provided for information received by the Forest Service.

Public reporting burden for this collection of information, if requested, is estimated to average 1 hour per response for annual financial information; average 1 hour per response to prepare or update operation and/or maintenance plan; average 1 hour per response for inspection reports; and an average of 1 hour for each request that may include such things as reports, logs, facility and user information, sublease information, and other similar miscellaneous information requests. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
